

Melross, Kangaroo Valley

Set on 240 acres, Melross is widely considered to be one of Kangaroo Valley's finest properties. A popular location for weddings due to the uninterrupted views and beautiful nature.

White Umbrella have supplied structure marquees of various size to accommodate weddings of up to 180 guests seated with a dance floor. The site here is very unrestricting and one of our favourites. With separate on site accommodation for the bride and grooms families, Melross is the perfect answer for those looking to escape the city.
